

Spike Club

Are you a member of the Club?

The NAHB SPIKE Club was organized in 1953 in an effort to recognize and reward dedicated members who work to recruit, involve and retain members' involvement in membership development. SPIKES not only receive recognition and awards for their efforts, but are also invited to attend exclusive special events and functions throughout the year.

How do you become a Spike? Recruit six new members within a 2-year period.

How Do You Retain Spike Status? Recruit two members each year until you reach 25 (Life Spike).
